Wake up and feed the giraffes! The boutique-style Giraffe Manor in Nairobi, Kenya, offers a bucket-list-worthy experience. The historic manor dates back to the 1930s, when exploration was at its peak. The sunny terraces and garden courtyards combined with the herd of Rothschild's giraffes create a dream safari destination. In the mornings and evenings, you can expect to be greeted by giraffes poking their heads through the windows, searching for a treat.

Love, VIE
